

List of stand developers who cannot be accredited in 2020

List of unscrupulous developers - the international exhibition festival Install Fest Ukraine 2019
and the international exhibition Clima Fest Ukraine 2020

In accordance with the identified violations of the rules of construction of exhibition areas and (or) documentary compliance with the laws of Ukraine and regulations on labor protection, industrial sanitation, fire safety, safety of building participants and staff - a list of developers who are not accredited for providing its services for the construction of the exhibition exposition Install Fest Ukraine 2020:

- **LLC "Expomodul"**
- **LLC "Tori Expo"**

These companies had many violations during the construction of the stands, but will not be allowed to build at exhibitions from the organizers - Install Fest Ukraine and Clima Fest Ukraine in 2020.

Participants are asked not to place orders for these companies in 2020, as they will not be able to obtain accreditation and will not be able to build stands.
